[ElderHouse, Inc.](#)

Adult Day Services for Low-Income Older Adults

Contact: Julia Schwartz-Leeper

Phone: 203-847-1998

Offers access to affordable, high quality adult day services for low-income frail elderly. The program is designed to help low-income senior households by offering high quality services on a sliding scale. Once enrolled, senior adults can spend the day at ElderHouse and receive a range of services they need including hands-on-care, supervision, medical monitoring, recreational therapies, memory care, and assistance with activities of daily living. Clients receive the support they require, in order to engage in social activities and remain active, physically and mentally. At the same time, family caregivers benefit from time off from caregiving duties.

Memory Workshop

Contact: David Magner

Phone: 203-396-1021

A unique weekly peer-to-peer support program for individuals who are experiencing changes in memory and/or, have a diagnosis of Mild Cognitive Impairment or early-stage Dementia and are independent in personal care needs. Care partners are critical to each participant and also supported by the program by helping them understand cognitive impairment and dementias, that they might begin to understand the next steps: how to cope and rearrange life as the disease progresses, long-term options, and assistance in putting long-term plans in place through short-term goals that follow the progression of the disease.

River House Adult Day Center

River House Adult Day Center Title III B Program

Contact: Diandria Hernandez

Phone: 203-622-0079

Individuals will participate in social activities including therapeutic recreation, exercise, nutritious meals shared with friends, transportation, and compassionate nursing care. This will improve their quality of life and reduce the risks associated with social isolation, which include dementia, falling, dehydration, and others. Clients' caregivers and family members benefit from respite from their daily caregiving responsibilities and peace of mind.
